01	19/02248/FUL (Land At Dunstall Farm Fosseway Moreton-In- Marsh)	One further letter of objection received: 'I strongly object to this application. The transport report states it will likely generate 50 extra secondary school age children, who would likely attend Chipping Campden School, which has been significantly over subscribed for several years. I am extremely concerned that the education, health care and road infrastructure is already beyond capacity. I do not recognise this plan as a credible development option without drastic investment in these areas. A few extra bus services is by no means sufficient. I cannot object more strongly.'
