The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect your business or any weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Introduction

This paper provides the Audit Committee with a report on progress in delivering our responsibilities as your external auditors.

Members of the Audit Committee can find further useful material on our website www.grantthornton.co.uk, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications and articles, including the reports mentioned in this update along with other items:

- Income generation is an increasingly essential part of providing sustainable local services ; <http://www.grantthornton.co.uk/en/insights/the-income-generation-report-local-leaders-are-ready-to-be-more-commercial/>
- Social enterprises are becoming increasingly common vehicles for delivering services that are not an 'essential' service for an authority but still important to the local community; <http://www.grantthornton.co.uk/en/insights/a-guide-to-setting-up-a-social-enterprise/>
- Fraud risk, 'adequate procedures', and local authorities; <http://www.grantthornton.co.uk/en/insights/fraud-risk-adequate-procedures-and-local-authorities/>
- Brexit and local government; <http://www.grantthornton.co.uk/en/insights/a-global-britain-needs-more-local-government-not-less/> and <http://www.grantthornton.co.uk/en/insights/brexit-local-government--transitioning-successfully/>

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Engagement Manager.

Progress at November 2017

2016/17			
	Planned Date	Complete?	Comments
<p>Annual Audit Letter The Annual Audit Letter is contained within the committee papers.</p>	October 2017	Yes	Our Annual Audit Letter has been agreed with officers and has been published on the Council website, the letter will shortly also be on the Public Sector Audit Appointments website (PSAA).

Technical Matters

Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 and forthcoming provisions for IFRS 9 and IFRS 15

Technical Matters

Code of Practice on Local Authority Accounting in the United Kingdom 2017/18

CIPFA/LASAAC has issued the Local Authority Accounting Code for 2017/18. The main changes to the Code include:

- amendments to section 2.2 (Business Improvement District Schemes (England, Wales and Scotland), Business Rate Supplements (England), and Community Infrastructure Levy (England and Wales)) for the Community Infrastructure Levy to clarify the treatment of revenue costs and any charges received before the commencement date
- amendment to section 3.1 (Narrative Reporting) to introduce key reporting principles for the Narrative Report
- updates to section 3.4 (Presentation of Financial Statements) to clarify the reporting requirements for accounting policies and going concern reporting
- following the amendments in the Update to the 2016/17 Code, changes to sections 4.2 (Lease and Lease Type Arrangements), 4.3 (Service Concession Arrangements: Local Authority as Grantor), 7.4 (Financial Instruments – Disclosure and Presentation Requirements)

Forthcoming provisions for IFRS 9 and IFRS 15

CIPFA/LASAAC has issued 'Forthcoming provisions for IFRS 9 Financial Instruments and IFRS 15 Revenue from Contracts with Customers in the Code of Practice on Local Authority Accounting in the United Kingdom 2018'. It sets out the changes to the 2018/19 Code in respect of IFRS 9 Financial Instruments and IFRS 15 Revenue from Contracts with Customers. It has been issued in advance of the 2018/19 Code to provide local authorities with time to prepare for the changes required under these new standards.

IFRS 9 replaces IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes a single classification approach for financial assets, a forward looking 'expected loss' model for impairment (rather than the 'incurred loss' model under IAS 39) and some fundamental changes to requirements around hedge accounting.

Questions:

- Is your Section 151 Officer aware of the changes to the Code of Practice in 2017/18 and the forthcoming changes to lease accounting and revenue recognition?

JM6

IFRS 15 replaces IAS 18 Revenue and IAS 11 Construction Contracts. IFRS 15 changes the basis for deciding whether revenue is recognised at a point in time or over a period of time and introduces five steps for revenue recognition.

It should be noted that the publication does not have the authority of the Code and early adoption of the two standards is not permitted by the 2017/18 Code.

Sector issues

Procurement of External Audit Services

Sector Issues

Procurement outcome

As a result of the highly successful procurement of auditor services, opted-in Local government and police bodies throughout England will collectively benefit from reduced fees for audit services in 2018/19 compared to 2016/17. Aggregate savings are expected to exceed £6 million per annum, equivalent to a reduction of approximately 18% in the scale fees payable by local bodies.

The results of the process announced on 20 June 2017 involve the award of the following contracts:

- Lot 1 of approx. £14.6 million per audit year was awarded to Grant Thornton LLP;
- Lot 2 of approx. £10.9 million per audit year was awarded to EY LLP;
- Lot 3 of approx. £6.6 million per audit year to awarded to Mazars LLP;
- Lot 4 of approx. £2.2 million per audit year to awarded to BDO LLP;
- Lot 5 of approx. £2.2 million per audit year to awarded to Deloitte LLP; and
- Lot 6 with no guaranteed value of work to awarded to a consortium of Moore Stephens LLP and Scott-Moncrieff LLP.

Contracts were awarded on the basis of most economically advantageous tender with 50% of the available score awarded to price and 50% awarded to quality.

The procurement strategy, agreed by the PSAA Board in December 2016, sets out the basis on which the procurement of audit services was carried out.

Having concluded the procurement, PSAA will commence the process of appointing auditors to opted-in bodies. For more information on the auditor appointment process [click here](#).

Finalising and confirming appointments

The PSAA Board will approve all proposed appointments from 2018/19, following consultation with audited bodies, at its meeting in mid-December. The Board's decision on the appointment of auditors is final. Following Board consideration, we will write to each audited body to confirm their appointment. We plan to send all confirmations on 18 December..

Housing Benefit (Subsidy) Assurance Process 2018/19: Module 1 Special Purpose Framework Instruction:

This Circular sets out the arrangements for the audit of the housing benefits subsidy for 2018/19. It is for the LA to appoint a reporting accountant to undertake this work and notify the DWP of this. A standard letter of notification for the LA use is set out in Appendix 1. This letter of notification must be issued to the DWP by the LA no later than the 1st March 2018.

Local Authority 2016/17 Revenue Expenditure and Financing

Sector Issues

DCLG has produced a summary of Local Authorities' 2016/17 provisional revenue spending and financing. It notes that Local government expenditure accounts for almost a quarter of all government spending and the majority of this is through local authority revenue expenditure. The summary is compiled from the Revenue Outturn (RO) returns submitted by all local authorities in England. Coverage is not limited to local councils in England and includes other authority types such as Police and Crime Commissioners and Fire authorities.

The headline messages include:

- Local authority revenue expenditure totalled £93.5 billion for all local authorities in England in 2016-17. This was 1.1% lower than £94.5 billion spent over 2015-16.
- Expenditure on Adult Social Care increased to £14.9 billion in 2016-17. This was £0.5 billion (3.6%) higher than in 2015-16. 2016-17 was first year local authorities were able to raise additional funding for Adult Social Care through the council tax precept.
- The largest decrease in local authority expenditure was on Education services. This was £0.8 billion (2.4%) lower in 2016-17 than in 2015-16. The majority of this decrease is due to local authority funded schools converting to academies.
- Local authorities are financing more of their expenditure from locally retained income. 40.4% of revenue expenditure was funded through council tax and retained business rates and 57.5% from central Government grants. The remaining 2.1% was funded by reserves and collection fund surpluses. These percentages were 38.7%, 60.4% and 0.9% respectively in 2015-16.
- Local authorities used £1.5 billion (6.2%) of the £24.6 billion reserves balance held at the start of the 2016-17.
- Local authorities' use of reserves was £1.1 billion higher in 2016-17 than in 2015-16. Due to changes in their capital programme, £0.5 billion of this increase is due to the Greater London Authority.

Combined Authorities: Signs of Success

In her foreword to 'Building our Industrial Strategy' the Prime Minister states that the initiative "will help to deliver a stronger economy and a fairer society – where wealth and opportunity are spread across every community in our United Kingdom, not just the most prosperous places in London and the South East." Combined Authorities (CAs) – the newest model for the governance of local public services – are central to this.

In response to this, Grant Thornton and Bond Dickinson have jointly commissioned a report which provides an insight into the establishment of each combined authority in the context of their specific challenges. It is still early days for most combined authorities – the political and administrative difficulties of adopting this model are not to be under-estimated - but early signs are emerging of their potential to innovate and drive success.

The report benchmarks combined authorities using key indicators of growth, housing, transport and skills amongst others. We have also used our Vibrant Economy Index, which goes beyond financial returns and takes into account the wellbeing of society, to compare city regions. We believe that these benchmarks can serve as a baseline for assessment of progress over time.

Key findings from the report:

- CAs must begin to reduce the institutional blurring with historic local government structures that has occurred with their formation. As greater clarity emerges over their roles, functions, and profiles of individual mayors, ; their perceived legitimacy will increase.
- CAs stand and fall on their ability to add value through targeted investment, strategic co-ordination, joined-up policy and the levering in of additional resources (particularly additional private sector funds).
- There is no single checklist or set of criteria for measuring the success of mayors and combined authorities, each city region must articulate its own challenges and show progress in tackling them.
- A balanced set of benchmarks encompassing both economic and social success will, however, serve as a useful stimulus for the debate around the impact of the combined authority model over time.

Setting up a Successful Social Enterprise

Local government continues to innovate as it reacts to ongoing austerity. An important strand of this response has been the development of alternative delivery models, including local authority trading companies, joint ventures and social enterprises.

This report focuses on social enterprises in local government; those organisations that trade with a social purpose or carry out activities for community benefit rather than private advantage. Social enterprises come in a variety of shapes and sizes as they do not have a single legal structure or ownership rule and can adopt any corporate form as long as it has a social purpose.

In this report we explore what social enterprises look like, the requirements for setting one up, how they should be managed to achieve success and how they can be ended.

We have complemented this with a range of case studies providing inspiring ideas from those that have been successful and some lessons learned to take into consideration.

Key findings from the report:

- Austerity continues to be a key driver for change: social enterprises are a clear choice where there is an opportunity to enhance the culture of community involvement by transferring these services into a standalone entity at its centre
- The social enterprise model tends to lend itself more to community services such as libraries, heritage management and leisure, but not exclusively so
- Social enterprises can open up new routes of funding including the ability to be flexible on pricing and access to pro bono or subsidised advice
- Some local authorities have converted exiting models into social enterprises; for example where a greater focus on social outcomes has been identified

Striking a balance between financial and social returns

If you are a local authority looking to transition a public service to a social enterprise model certain factors will be key to your success including: leadership, continuing the culture, branding, staff reward and secure income stream.

Download our guide to explore how to handle these factors to ensure success, the requirements for setting up a social enterprise; and how social enterprise can be ended. The guide also showcases a number of compelling case studies from local authorities around England, featuring inspiring ideas from those social enterprises that have been a success; and lessons learned from those that have encountered challenges.

International Consortium on Governmental Financial Management

Introduction

Grant Thornton and the International Consortium on Governmental Financial Management (ICGFM) partner every other year to perform an international survey of Public Financial Leaders.

In 2015 the theme was innovation in public financial management. This year's survey has been designed to identify and describe emerging issues around transparency and citizen engagement – building on the themes highlighted in the 2015 report.

The insights will be published in a report later in 2017 and we would be delighted if you were able to spend some time completing the brief on-line questionnaire which can be found here https://gn.qualtrics.com/jfe/form/SV_egSpNzqT3ghr701. Your Audit Manager will be able to provide you with a link to the survey if required.

Please note that the ICGFM and Grant Thornton will not identify, or attribute thoughts and quotations to, individual survey respondents in the final 2017 report. This preserves your anonymity, so please respond freely, honestly and openly.

We have again partnered with the ICGFM to survey Financial Leaders

Question:

- Have you completed the ICGFM survey on transparency and citizen engagement?
