The increase in contribution to the Pension Fund relates to additional payments towards past service costs resulting from the last actuarial review in 2013 which set the contribution rates from 2014/15 to 2016/17.

The fall in Supplies & Services reflects the reduced recharge for David Neudegg as he will be undertaking his new role as Managing Director of the 2020 Vision Partnership Venture. The reduction in employee costs reflects the new joint Corporate Management Team structure.

In addition the annual revenue contribution towards District Election costs is now included in the Movement to/from reserves figure rather than within the total cost of services figure. This has reduced the Supplies & Services budget by £40,000.
