1 Introduction

Introduction

1.1 The Community Infrastructure Levy (CIL) is a charge on new housing, residential extensions over 100square metres (gross internal area) and retail development over 100 square metres (gross internal area) that can be used by Local Authorities to help deliver infrastructure to support development of their area.

1.2 The Council's CIL Charging Schedule was approved by the District Council on (date to be inserted following Council approval) in accordance with Section 213 of the Planning Act 2008 and regulation 25 of the Community Infrastructure Levy Regulations 2010 (as amended).

1.3 The Charging Schedule and the Instalments policy will take effect from (date to be inserted following Council approval).

What is an Instalments Policy?

1.4 It is at the Council's discretion whether or not to allow payment of the CIL by instalments. This is allowed for under Regulation 69B of the CIL Regulations 2010 as amended and Paragraph 55 of CIL Planning Policy Guidance.

1.5 Without an instalments policy, payment of CIL is required within 60 days of a scheme's commencement. An advantage of this is the ability to receive and use funds early in the development. However, for large schemes particularly, payment by instalments significantly assists with cashflow , which in turn impacts positively on viability and delivery of development.
