

ADDITIONAL MODIFICATIONS TO DRAFT LOCAL PLAN

REF.	POLICY / PARAGRAPH ¹	PROPOSED ADDITIONAL MODIFICATION	REASON FOR ADDITIONAL MODIFICATION
001	Whole document	Minor, inconsequential amendments including: <ul style="list-style-type: none"> • rectifying grammatical and typographical errors; • making formatting and reference numbering changes; • changing the tense of sentences (e.g. future to past tense); and • updating matters of fact, where necessary, for example, changing the title or date of documents where they are incorrect. 	Self-explanatory
002	Whole document (section titles)	Delete duplicated section title at the beginning of each section	Remove duplication
003	Whole document	Restructure sub-sections	To reduce the length of paragraph numbering, which makes the Plan easier to cross-reference
004	Whole document	Amend cross-referencing of paragraph numbers, policy clauses, tables, etc., including: <p>9.3.2.7: S3A becomes S3</p> <p>10.3.1.3: Policy D1 becomes EN2</p> <p>10.5.1.19: Policy EN12 becomes EN14</p> <p>10.5.2.2: Policy EN8 becomes EN15</p> <p>10.9.2: For the avoidance of doubt, "adequate provision" in clause 35 of Policy EN68 includes...</p> <p>10.12.2: Table after this paragraph should be Table 6, as set out in Policy EN12</p> <p>11.3.3.7: Policy D1 becomes EN2</p> <p>11.4.5: EN6 becomes EN8</p> <p>11.5.23: Policy EN12 becomes EN14</p> <p>Appendix D (D.5): Policy D1 becomes EN2</p> <p>Appendix G (throughout the table): Policy D1 becomes EN2</p> <p>Appendix G (throughout the table): Policy EN6 becomes EN8</p> <p>Appendix G (throughout the table): Policy INF8 becomes EN14</p> <p>Appendix J: delete rows for S3A-F (this does not affect these monitoring indicators, which are already under the banner of S3)</p> <p>Glossary (Major development definition): 10.3.2.3 becomes 10.5.3</p>	To take account of changes resulting from Main Modifications and/or to rectify any errors.
005	Whole document	Where possible, website addresses that are were inserted as footnotes within the plan have been replaced with hyperlinked text	The website addresses do not appear clearly on the page, as the text is often being compressed on a single line. This is an issue with the software that is used to create the report. However, hyperlinked text performs the same function and makes the plan concise by reducing the number of footnotes.
006	Whole document	Abbreviate references to several widely used terms, other than where they are first used or in appear in section titles. These terms include:	These terms are defined in the Glossary

010	1.0.18	1.0.18: It is undesirable because this would result in an overly detailed, repetitious and lengthy document that is difficult to read or understand . It is unnecessary because a properly constructed – and correctly used – plan will be adequate provided its policies are read together. For instance, a policy relating to development in the countryside does not need to include references to landscape or highway impacts because other policies in the plan deal with those matters. And if there are not policies in where the plan is silent on specific matters, reference should be made to there will be policies in the NPPF or, if the issue is one of detail, there will be guidance in the PPG. REF.	POLICY / PARAGRAPH ¹	PROPOSED ADDITIONAL MODIFICATION	REASON FOR ADDITIONAL MODIFICATION
028	7.2.3.2	...greater local employment opportunities. Northleach Town Council are also preparing a Neighbourhood Development Plan.	To remove duplication. The fact that Northleach are preparing a Neighbourhood Development Plan is explained in paragraph 7.2.3.3.
029	7.2.4.5	The <u>District</u> Council would support <u>the provision of</u> a new community facility, incorporating sports and leisure provision, and new library facilities and health services, being provided on a suitable site. In addition, the <u>District</u> Council will continue to seek a site for small local workshops/B1 uses within the town.	To (i) clarify which council is referred to and (ii) remove text that is self-evident.
030	7.2.5.2	Despite its current poor level of facilities, Upper Rissington is identified as a Principal Settlement in the Development Strategy. This is because of the large number of outstanding <u>built and committed housing developments since 2011 commitments,</u> which will effectively double the size of the settlement. Furthermore, although some of the village's employment facilities have been lost to housing, the village has gained several other services, including a school and a shop.	Since initial drafting of the Local Plan, the development of sites in Upper Rissington has progressed considerably. The modification brings the Local Plan's contextual information up to date.
031	7.3.1.3	These sites, combined with existing commitments and previously-built dwellings, will help to address local affordable housing needs; sustain existing facilities; and maintain the village's role as a local service centre taking account of environmental constraints and the size of the village.	To remove text that has no meaning.
032	Policy S10: Infrastructure (a)	a) bus routes connecting the village with other key settlements;	To remove ambiguity. The phrase 'key settlements' is confusing. Paragraph 7.2.1.3 already explains which settlements bus routes connect to. Furthermore, confusion is caused as the term 'Key Centres' used in policy EC7 (Retail). Key settlements in the context of Andoversford's bus services has no meaning and, for clarity, can be reduced to 'settlements'.
033	Policy S16	<ul style="list-style-type: none"> Land at Wold's End Orchard is allocated for a public car and coach park (Site ref CHI.3) 	For consistency with the way other policies are referenced
034	7.3.2.4	A lower impact development that includes a single storey community facility such as a doctors surgery would be more acceptable in landscape terms. For sites <u>CC_23B and C site CC23B/C</u> developers will be required to demonstrate that there is adequate water supply capacity both on and off the site to serve the development and that it would not lead to problems for existing or new users. In some circumstances it may be necessary for developers to fund studies to ascertain whether the proposed development will lead to overloading of existing water infrastructure. <u>A lower impact development that includes a single storey community facility such as a doctors surgery would be more acceptable in landscape terms.</u>	<ul style="list-style-type: none"> To re-order the paragraph so that it reads more clearly. To match the site reference number with Policy S16.
035	7.3.2.10	Community-led planning documents and surveys have identified a number of several further projects to <u>those addressed elsewhere in the Plan.</u> These include the provision of an indoor-based tourist attraction; improving leisure and play provision; the re-opening of the railway station; and <u>provision of a car park;</u> and provision of affordable housing.	To remove duplication of issues covered elsewhere in Policy S16 or other policies in the Plan.
036	7.3.4.8 and 7.3.4.9	<p>7.3.4.89: Sites M_12A, M_19A and M_19B are allocated for housing development. The capacity of M_19A and M_19B have been assessed to take account of a significant landscaping buffer that would be necessary to ensure the acceptable design of the site. Allowance has also been made for the existing public right of way. In line with Policy SA3, infrastructure requirements would include highways improvements and flood alleviation measures (Moreton Drainage Scheme).</p> <p>7.3.4.98: Developers will be required to demonstrate that there is adequate water supply capacity both on and off the site to serve their development and that it would not lead to problems for existing or new users. In some circumstances it may be necessary for developers to fund studies to ascertain whether the proposed development will lead to overloading of</p>	<p>The first sentence is superfluous and should be deleted to help make the plan clear and effective.</p> <p>For the same reasons, paras 7.3.4.8 and 7.3.4.9 should be re-ordered. 7.3.4.9 applies to developments in general, whereas 7.3.4.8 is specific to M_19A and M_19B; thus putting 7.3.4.9 first is more logical.</p> <p>7.3.4.9 is also amended to ensure that readers of the Plan are aware that this paragraph is for planning applications generally and is not specific to the allocations.</p>

		existing water infrastructure. Evidence presented in the Water Cycle Study (August 2015) indicates that some upgrading of the waste water treatment works and sewerage infrastructure will be required in order for new development to be accommodated.	
037	7.3.3.5	7.3.3.5: ...existing storage and distribution uses. This development accords with the Stratford-on-Avon District Core Strategy Local Plan, and it is not considered to have any bearing on proposals for Mickleton.	The Cotswold District Local Plan does not propose any allocations in Mickleton over and above sites that have been developed since 2011; hence, this sentence is irrelevant.
038	Sub-heading 7.1.1.3	Cirencester Town Centre <u>Central Area</u>	To rectify ambiguity
039	Policy S5 (Fairford Inset Map) and Established Employment Site Maps 8-14 in Appendix E	Fairford Inset Map (Policy S5) – the map has been amended to show the policies in Fairford at a larger scale but it now excludes the Established Employment Estate referenced as EES28. A new Established Employment Map in included for EES28 (Established Employment Site Map 8). Established Employment Maps 8-14 have been re-numbered to follow the numbering sequence.	The scale of the Fairford Inset Map in the submitted Plan is too small and shows insufficient detail. EES28 is outside Fairford in open countryside. This site would be better shown on its own Established Employment Site Map in Appendix E.
040	8.0.2	The Strategic Housing Market Assessment, Further Update March 2016, SHMA provides the detail of the District's housing requirements in the District to 2031 across the whole of the District and across for all tenure types, as set out in the latest government guidance and legislation. These The following policies are intended to direct housing development within these national guidelines as appropriate to Cotswold District. Viability is also a key consideration in housing provision and reference should be made to the Whole Plan and Community Infrastructure Levy (CIL) Viability Assessment (April 2016).	To (i) remove superfluous text; and (ii) insert the correct document names
041	8.1.3	It should be remembered that the existing housing stock will always be the main source of supply. The requirements for new homes are <u>is</u> based upon the identified requirements housing required to address existing deficits between this the supply and identified local need / and demand, provided identified in the Cotswold Strategic Housing Market Assessment SHMA. The Local Plan will also work alongside compliment other Council strategies to encourage a better supply from the existing <u>housing</u> stock through meeting the requirements of those who are currently inadequately housed.	To (i) remove superfluous text and (ii) insert the correct document names.
042	Policy H1 (3 and 5)	3. Proposals of more than 20 dwellings will be expected to provide 5% of dwelling plots for sale as serviced self or custom build plots, unless demand identified on the Local Planning Authority's Self-Build and Custom Register, or other relevant evidence, demonstrates <u>that</u> there is a higher or lower level of demand for plots. 5. Exception sites for Starter Homes on land that has been in commercial or industrial use, and which has not currently been identified for residential development, will be considered <u>for Starter Homes</u> .	To (i) insert correct grammar and (ii) move the location of where 'Starter Homes' appears in part 5 so that the sentence reads better.
043	8.1.7 (bullet point 1), 8.1.8, 8.3.3	the developer will have regard to the Local Planning Authority's <u>District Council's</u> Self-Build and Custom Build Register... The <u>District Council</u> Local Planning Authority will work... It is assumed that there will be no public subsidy towards affordable housing provision. Any relaxation of the policy requirements will only be considered where the <u>District Council</u> local planning authority is satisfied...	The District Council and the County Council are both Local Planning authorities. The modification clarifies who is being referred to.
044	8.1.8	When starter Homes come forward, For detailed guidance, reference should be made to the national policy and guidance, and to regulations, when they come forward.	To rearrange the sentence so that it is clear.
045	Policy H2 Clause 1 and 2	Clause 1: ...11 or more new dwellings (<u>net</u>)... Clause 2: ...6 to 10 or more new dwellings (<u>net</u>)...	To clarify that the affordable housing requirement is for net additional dwellings

REF.	POLICY / PARAGRAPH ¹	PROPOSED ADDITIONAL MODIFICATION	REASON FOR ADDITIONAL MODIFICATION
046	Policy H2 (2)	In settlements in rural areas, as defined under s157 of the Housing Act 1985...	Factual correction made to ensure consistency with s157 of the Housing Act 1985. Rural areas in Cotswold District are places in the AONB. However, some settlements in Cotswold District are only partly within the AONB. The modification clarifies that this policy applies to rural areas only and not entire settlements.
047	New paragraph before 8.2.4	<u>In calculating whether a development has a combined gross floorspace of over 1,000 square metres, account should be taken of the gross internal area only.</u>	To rectify ambiguity by incorporating the wording used in the PPG (see PPG paragraph 031, Reference ID 23b-031-20161116, Revision date 16.11.2016)
048	8.2.9 and 8.2.10	On site affordable dwellings will be transferred to the purchasing Registered Provider (RP) in line with the number, size, type and tenure of affordable homes required by the local planning authority's policies in accordance with the SHMA; the Cotswold District Council Affordable Housing Supplementary Planning Document 2007 or subsequent updates ; and relevant housing plans of the Council and advice from the Council. Occasionally, it may be appropriate to provide free serviced land for the provision of the required units to a RP <u>Registered Provider</u> or the local planning authority by agreement. A s106 agreement will be used to ensure transfer to a RP <u>Registered Provider</u> and that the affordable housing remains available as such in perpetuity for eligible households. The development of any affordable housing and the calculation of any financial contributions should be in conformity with the details set out in the Cotswold District <u>Affordable</u> Housing Supplementary Housing Document 2007 or subsequent updates .	To (i) remove superfluous text and (ii) futureproof the Local Plan.
049	8.3.2	When considering proposals For a rural exception schemes, proposals will be encouraged to <u>should</u> be adjacent to the settlement boundary of the village; generally supported by the local community; supported by evidence of local housing need; appropriate in scale of development; and include long-term mechanisms to limit occupancy to local people.	To (i) remove superfluous text and (ii) add clarity to the Local Plan.
050	8.3.3, 8.3.4 and 8.3.5	8.3.3 ...Any relaxation of the policy requirements will only be considered where the <u>District Council</u> Local Planning Authority is satisfied, on a site-by-site basis, that such a requirement will render any development proposals unviable having first varied the mix and type of housing to improve viability in agreement with the local planning authority . 8.3.4 On site affordable dwellings will be transferred to a Registered Provider (RP) of the number, size, type and tenure of affordable homes required by the Local Planning Authority's policies in accordance with the SHMA; the Council's <u>Affordable</u> Housing Supplementary Planning Document 2007 and consequent update ; and relevant housing plans of the Council. Occasionally, it may be appropriate to provide free serviced land for the provision of the required units to a RP <u>Registered Provider</u> or the District Council with the agreement of the Local Planning Authority. A s106 agreement will be used to ensure transfer to a RP <u>Registered Provider</u> and that the affordable housing remains available as such in perpetuity for eligible households. 8.3.5 ...in conformity with the details set out in the Cotswold District Affordable Housing Supplementary Housing Document 2007 or its successor document .	To (i) remove superfluous text and (ii) futureproof the Local Plan.
051	8.7 (title of the section)	8.7: Gypsy and Traveller Sites , Traveller and Travelling Showpeople Accommodation (Policy H7)	For consistency with the policy title
052	9.2.2 (title of the section)	9.2.2: Proposals <u>for all types of</u> Employment-Generating Uses (POLICY EC3)	Clarification
053	Policy EC11 – new sub-heading before clause 8	<u>Static Caravan and Holiday Parks</u>	To clarify the distinction between clause 7, which deals with touring caravan and camping sites, and clause 8, which covers static caravan and holiday parks

054	Policy EN2 10.2, 10.4.10, 11.5.7 Appendix I and J	Change to the policy ' <u>Design of the built and natural environment</u> ' and associated consequential changes	This policy also covers design
055	10.2.2.3	10.2.2.3: The <u>Local Green Spaces</u> sites allocated in this Plan as Local Green Spaces are shown on the Policies Maps. Sites LGS9 (<u>Allotments, Ashton Road, Siddington</u>) and LGS10 (<u>Playing Fields, Park Way, Siddington</u>) at Siddington are included on the Cirencester Policies Map, while site LGS3 (<u>Land adjacent to Close Cottage, at Church Westcote</u>) is shown on the Map in Appendix A.	The shortening of the first sentence makes the Plan concise The additions of the Local Green Space names make the Plan easier to read
056	New paragraph after 10.2.2.4	<u>As well as being designated as a Local Green Space, Manor Fields in Bourton-on-the-Water (LGS2) is used as a public car park for up to 42 days per calendar year.</u>	To explain that Manor Fields is also used as a part-time car park
057	10.4.1 (title of the section)	10.4.1: Designated Heritage Assets (<u>Policy EN10</u>)	Missing policy number
058	Contents page; 9.6.3; the titles of policies EN10, EN11, EN12 and EN13; Index of Policies vs Local Plan Objectives (Appendix I); and Monitoring Indicators (Appendix J)	Change titles of Policies EN10, EN11, EN12 and EN13 as follows: POLICY EN10: <u>Historic Environment</u> : Designated Heritage Assets POLICY EN11: <u>Historic Environment</u> : Designated Heritage Assets - Conservation Areas POLICY EN12: <u>Historic Environment</u> : Non-designated Heritage Assets POLICY EN13: <u>Historic Environment</u> : The Conversion of Non-Domestic Historic Buildings	For clarity – this amendment enables lay people to use the plan more effectively.
059	11.2.2	11.2.2: include the following as a separate bullet point: • <u>local shops, meeting places, and public houses;</u>	To clarify that these facilities are also community facilities, as identified in NPPF paragraphs 28 and 70.
060	11.2.9	11.2.9: Demonstration Evidence should be provided to show that there is no local need for an existing <u>commercial community</u> facility, such as a public house or shop, should be supported by evidence that the facility is no longer viable in its extant use by demonstrating that it has not been viable in that use for a period of at least 12 months.	To clarify the intent of the paragraph and to ensure that the paragraph is consistent with the policy.
061	11.4.9	11.4.9: An update to the Open Space, Sport and Recreation Study, which covers GI, is being prepared. The Study's findings may result in refinements to this policy. The Green Infrastructure, Open Space, Play Space Strategy (September 2017), the Playing Pitch Strategy Assessment Report (March 2017), and the Playing Pitch Strategy & Action Plan (April 2017), or any updates of these documents, will be relevant to the implementation of this policy.	This modification provides an update which renders the original paragraph redundant.
062	Policy SP2	The change of use of existing buildings and any new development within the areas at Cotswold Airport, shown on <u>the</u> Policies Map (<u>Inset 19</u>), will be permitted provided they are for employment-related uses that are compatible with the use of the land as an airport.	To remove ambiguity
063	12.4.4 and 12.4.5	12.4.4: The policy <u>Policy SP5</u> , therefore, encourages appropriate outdoor and in particular... 12.4.5: In 2008, the CWP Strategic Review and Implementation Plan (Masterplan) was produced by the <u>former</u> CWP Joint Committee (no longer extant) and <u>was</u> subsequently endorsed by this Council.	To remove ambiguity and to correct a change in tense
064	Policy SP6 - Former Cheltenham to Stratford-upon-Avon Railway Line 7.3.2.8, 12.5, 12.5.1 and new paragraph after 12.5.1	Policy SP6: FORMER CHELTENHAM TO STRATFORD-UPON-AVON RAILWAY LINE 7.3.2.8: Proposals for the Stratford-upon-Avon - Honeybourne railway line re-opening are supported, as this will make a new station at Chipping Campden more viable. 12.5: Former Cheltenham to Stratford-upon-Avon Railway Line (Policy SP6) 12.5.1: The disused Cheltenham to Stratford-upon-Avon railway line – the 'Honeybourne Line'	Factual change

		<p>– is a former double-track main line route, which once linked directly to Birmingham. A disused section of the line passes through the parishes of Willersey and Saintbury. The Gloucestershire and Warwickshire Railway, a privately volunteer-run heritage railway steam preservation group, has reopened a short stretch of line near Winchcombe 14 mile section from Cheltenham to Broadway. The railway is a significant regional tourist destination and a contributor to the local economy. The preservation group has ambitious long term heritage railway plans to extend four miles northwards to the national main line network at Honeybourne, which includes a operate over as much of the original line as possible, including the two mile section through Cotswold District.</p> <p>New paragraph (12.5.2): <u>The Honeybourne Line also has national strategic importance. Passenger and freight use on the national rail network are rising. More and more dismantled railway lines across the country are being reopened to alleviate increasing congestion on the national transport network.</u></p> <p>New paragraph (12.5.3): <u>Many locations along this route, including Willersey and Weston-sub-Edge, lost their railway stations when services were withdrawn before the line’s closure in the 1970s. Protecting this route therefore also provides an opportunity to reopen these stations and increase accessibility in the District.</u></p>
