EVS 1 (NI 192) (Cumulative) Percentage of household waste sent for reuse, recycling and composting	62.07%	62.00%	②	60.63%	63.00%		•	•	We recycled 20.95%, composted 39.59%, and re-used 0.09% of household waste. This is a lower combined rate compared to the same quarter a year ago, and is wholly attributable to a lower composting rate. Growing conditions were much less favourable compared to the same quarter a year ago. Continuing with initiatives to to promote waste Reduction, Re-use and Recycling in the District, including bin stickers to discourage food waste going into residual waste bins	
EVS 2 (NI 191) Residual household waste per household (kg)	98.0	89.0		97.0	90.0		•	•	Residual waste per household was similar to the first quarter of the previous year. In comparison to other Gloucestershire Districts, we produce less residual waste per household. The issue of higher waste arisings continues to be an issue for Gloucestershire and nationally. Possible reasons for higher waste arisings include upturn in the economy and loss of impetus to recycle as schemes have matured. The JWC business plan for 2015-18 approved at March Cabinet with action plan to encourage waste minimisation and re-use, maximise recycling and reduce waste to landfill

LC 15 (CuS 38) Number of visitors to museum or galleries	14916	12000	0	11642	12000		•	•	Down on Q1 of last year when visitor figures were exceptional due to the Cirencester Hare Trail.	Martin Holland
LC 20 (Cumulative) Number of visits to the three leisure facilities managed by SLM	174,644	155,943	②	166,421	155,945	>		•	Down on last year which was a record year, well up on two years ago prior to SLM being awarded the contract 2013 Apr to June = 130,548 - 2015 Apr to June = 166,421 27% growth or 35,873 more visits. The initiatives that SLM introduced at the start of the contract have resulted in a dramatic increase; some expectation that numbers could plateau if no further initiatives introduced. New health and fitness equipment will be installed in Q3, and together with a relaunch should have a positive impact on numbers	Martin Holland

RHS 2 (RB 6) (Cumulative) Speed of processing: new HB/CTS claims (days)	12.0	12.0	•	16.6	12.0	•	•	•	Quarter 1 is always a struggle due to all the regulated amendments we have to administer as well as trying to keep on top of new claims. We have recently recruited a new officer who is due to start in September and are also looking to recruit an apprentice which in time should improve the speed of processing claims	Mandy Fathers
RHS 3 (RB 2) (Cumulative) Time taken to process Housing Benefit/Council Tax Support change events (days)	4.25	5	•	6.74	6	•	•	•	The additional burdens placed on the team by the DWP from October 2014, has now become part of the administrative process. This has caused capacity issues, which we are resolving. Two officers who will work across service areas are expected to start in Q2. A benefits officer is due to start in September, and we are also recruiting an apprentice.	Mandy Fathers
