Some advisors were involved in user acceptance testing, and all staff received training prior to implementation which has taken capacity out of the service. Furthermore, not all the functionality has been implemented; the team is beginning to get to grips with the new system while enhancements and tweaks are on-going. A second round of training is now due as we review some of the processes that have been amended during the initial stage. We should start to see improvements in performance as more functionality is added to the system | Some concerns | <u> </u> | Sarah Cantwell |
