**Removal of Conditions 1 (temporary use and occupancy) and 3 (restoration of site) of planning permission 15/04432/FUL to allow permanent retention of the site at Land Parcel Opposite Windmill Farm Hartley Lane Leckhampton Hill Gloucestershire**

<b>Full Application 17/03352/FUL</b>	
Applicant:	Mr John Norris
Agent:	Michael Hargreaves Planning
Case Officer:	Andrew Moody
Ward Member(s):	Councillor Nicholas Parsons
Committee Date:	8th November 2017
<b>RECOMMENDATION:</b>	<b>RECOMMENDATION: REFUSE SUBJECT TO THE RECEIPT OF A LEGAL OPINION RELATING TO THE HUMAN RIGHTS IMPLICATIONS OF THE PROPOSAL</b>

**Main Issues:**

- (a) Background to the Development
- (b) The Principle of Development
- (c) The need for Gypsy / Traveller sites
- (d) The visual and landscape impact of the proposal
- (e) Human Rights

**Reasons for Referral:**

The application is brought to Committee by Officers to allow the proposal to be debated in public due to the planning history of the site.

**1. Site Description:**

The application site comprises an area of land on the eastern side of Hartley Lane, north of the roundabout junction with the A435 Cirencester Road. The site has been developed as a Gypsy/Traveller site following the granting of planning permission 14/02614/FUL for a temporary 3-year period in December 2014, with a revised scheme granted under reference 15/04432/FUL.

The site is located within an Area of Outstanding Natural Beauty. The site is bound to the west by Hartley Lane and to the east by a tree belt, beyond which is the A435. Immediately to the south is a single gypsy pitch, occupied by one caravan as well as stabling and hardstanding. To the north is agricultural land.

**2. Relevant Planning History:**

12/03218/FUL: Erection of stables and construction of hardstanding. Refused 9.10.2012

12/00459/FUL: Erection of stable building and associated hardstanding in field directly to south of application site. Granted 11.5.2012

14/00303/FUL: Erection of stables and construction of hardstanding. Refused 18.3.2014

14/02614/FUL: Change of use to mixed use for the keeping of horses and for Gypsy and Traveller residential purposes, together with the development of a stable building and the relocation of the existing stable building. Granted 11.12.2014

15/02733/FUL: Variation of conditions 2, 7 and 10 of planning permission 14/02614/FUL to revise the site plan, layout, foul drainage, landscaping and external lighting. Withdrawn 10.9.2015

15/04432/FUL: Change of use to mix used for the keeping of horses and for Gypsy and Traveller residential purposes, together with the development of a stable building and the relocation of the existing stable building. Granted 09.03.2016

### **3. Planning Policies:**

NPPF National Planning Policy Framework  
 LPR05 Pollution and Safety  
 LPR10 Trees, Woodlands and Hedgerows  
 LPR19 Develop outside Development Boundaries  
 LPR23 Sites for Gypsy Travellers  
 LPR38 Accessibility to & within New Develop  
 LPR39 Parking Provision  
 LPR42 Cotswold Design Code

### **4. Observations of Consultees:**

Landscape Officer: Objection, comment incorporated into the report

### **5. View of Town/Parish Council:**

Coberley Parish Council: Objection. Due to the length of these comments, they are attached as an appendix to this report.

### **6. Other Representations:**

47 letters of representation have been received, making the following comments: -

- Impact upon the character of the AONB
- Such development has no place in this area which is visited by locals and visitors using the adjacent Cotswold Way
- There are other more suitable sites for such development
- Precedent for encroachment into the AONB
- The Council can demonstrate a 5-year supply of Gypsy and Traveller sites
- The Planning Policy for Travellers Sites 2015 states that Gypsy and Traveller development should not dominate nearest settled community. There are three houses within half a mile of here, and this would result in three permanent pitches being allowed

### **7. Applicant's Supporting Information:**

Planning Statement

### **8. Officer's Assessment:**

#### **(a) Background to the Development**

The application site is located to the eastern side of Hartley Lane, Seven Springs, and is within an Area of Outstanding Natural Beauty, as well as being adjacent to the Cotswold Way which runs along the lane past the site.

Planning permission was granted under reference 14/02614/FUL for the development of the site for a mixed use for the keeping of horses, Gypsy and Traveller residential use, in addition to one new stable block and the repositioning of an existing stable building. This was granted for a temporary 3-year period by Planning Committee, with the decision being issued on 11th December 2014.

Works were not carried out in accordance with the approved plans, with these being regularised with the granting of planning permission 15/05532/FUL. The temporary time limit was not extended however, so this ends on 11th December 2017. The approvals granted were for the site being subdivided into two pitches, with the northern part of the site accommodating two mobile homes and one caravan, whilst that to the south would accommodate one mobile home, two caravans, and a new stable building. The existing entrance was shown to be reused and widened with visibility splays provided.

Information has also been provided regarding the personal circumstances of the applicants, including their Gypsy status.

### **(b) The Principle of Development**

The site is currently in temporary use, and this application seeks to remove conditions requiring the site to be occupied by the Mr Norris Sr, Mr Norris Jr and Mr Clee and their resident dependents (condition 1), whilst also requiring the site to be restored back to its original state following the cessation of the use (condition 3).

With regard to planning policy, paragraph 115 of the NPPF states: "Great weight should be given to conserving landscape and scenic beauty in National Parks, the Broads and Areas of Outstanding Natural Beauty, which have the highest status of protection in relation to landscape and scenic beauty. The conservation of wildlife and cultural heritage are important considerations in all these areas, and should be given great weight in National Parks and the Broads."

The Planning Policy for Traveller Sites (PPTS) was revised in August 2015 and sets out the Government's policy for Traveller sites, replacing the previous version from March 2012. It makes clear that planning applications must be determined in accordance with the development plan unless material considerations indicate otherwise. This policy must be taken into account in the preparation of development plans, and is a material consideration in planning decisions.

With regard to Annex 1 to the PPTS, this provides a revised definition as to 'Gypsies and Travellers', as set out below:-

*1. For the purposes of this planning policy "gypsies and travellers" means:*

*Persons of nomadic habit of life whatever their race or origin, including such persons who on grounds only of their own or their family's or dependants' educational or health needs or old age have ceased to travel temporarily, but excluding members of an organised group of travelling showpeople or circus people travelling together as such.*

*2. In determining whether persons are "gypsies and travellers" for the purposes of this planning policy, consideration should be given to the following issues amongst other relevant matters:*

- a) whether they previously led a nomadic habit of life*
- b) the reasons for ceasing their nomadic habit of life*
- c) whether there is an intention of living a nomadic habit of life in the future, and if so, how soon and in what circumstances.*

*3. For the purposes of this planning policy, "travelling showpeople" means:*

*Members of a group organised for the purposes of holding fairs, circuses or shows (whether or not travelling together as such). This includes such persons who on the grounds of their own or their family's or dependants' more localised pattern of trading, educational or health needs or old age have ceased to travel temporarily, but excludes Gypsies and Travellers as defined above.*

*4. For the purposes of this planning policy, "travellers" means "gypsies and travellers" and "travelling showpeople" as defined above.*

*5. For the purposes of this planning policy, "pitch" means a pitch on a "gypsy and traveller" site and "plot" means a pitch on a "travelling showpeople" site (often called a "yard"). This terminology*

*differentiates between residential pitches for "gypsies and travellers" and mixed-use plots for "travelling showpeople", which may / will need to incorporate space or to be split to allow for the storage of equipment.*

The key change that was made to both definitions was the removal of the term persons who have ceased to travel permanently, meaning that those who have ceased to travel permanently will not now fall under the planning definition of a Traveller for the purposes of assessing accommodation need in a Gypsy and Traveller Accommodation Assessment (GTAA).

Policy 23: Sites for Gypsy Travellers, of the Cotswold District Local Plan states that sites for Gypsies and Travellers will be permitted where there is a proven need, and only when all the following criteria are met:

- a) there is adequate access for slow moving vehicles towing caravans, and no harmful impact on the local highway network
- b) the site is within a reasonable distance of community services and facilities
- c) the site has the potential to provide facilities appropriate for the nature of the use proposed; and
- d) the use of the site would not cause significant harm to neighbouring businesses, agricultural activities or settlements

Policy 19: Development Outside Development Boundaries, states that development appropriate to a rural area will be permitted provided that the proposal relates well to existing development; meets the criteria set out in other relevant policies and would not result in new build open market housing, cause harm to existing patterns of development, lead to a material increase in car-bourne commuting, adversely affect the vitality and viability of settlements and result in development that significantly compromises the principles of sustainable development.

Policy H7: Gypsy, Traveller and Travelling Show People Sites of the emerging Cotswold District Local Plan (2011 - 2031) states that existing authorised sites will be safeguarded provided there remains a need for these uses, whilst part 2 of the policy identifies locations as preferred sites for accommodating the future needs of Gypsies and Travellers.

### **(c) The need for Gypsy / Traveller sites**

The relevant local and national policies in relation to Gypsy and Traveller sites make it clear that need is a material consideration in determining applications. As such it is initially necessary to consider what provision has been made, and whether there is a proven need for Gypsy and Traveller accommodation.

In order to provide an up-to-date assessment of need, Cotswold District Council has worked with the other local authorities in Gloucestershire HMA (the housing market area) to produce a Gypsy and Traveller Accommodation Assessment (GTAA), which was published in March 2017. This replaces the Gloucestershire Gypsy, Traveller and Travelling Showpeople Accommodation Assessment October 2013, (GGTTSAA), which had identified a need for the Cotswold District of an additional 26 permanent pitches.

However, bearing in mind the revised Gypsy and Traveller definition referred to above within the PPTS, in addition to updated survey work, there is now stated to be a need for 3 additional pitches in the District that meet the planning definition, which are at the existing site at Shorcote, some 16 miles from the application site, and arising due to a specific overcrowding issue upon an existing pitch. There is also a need for up to 11 additional pitches for households that may meet the definition and a need for 13 additional pitches for households that do not meet the definition.

The GTAA is a robust and comprehensive evidence-based assessment of the current and future accommodation needs for Gypsies and Travellers in the Gloucestershire HMA who meet the current planning definition of a Gypsy or Traveller. There were no Travelling Showpersons identified in Cotswold District.

The assessment used a combination of desk-based research, interviews and engagement with members of the travelling community living on all known sites. It also includes an estimate of need for those households who were not able to be interviewed and who may meet the current planning definition.

This, therefore, constitutes a significant reduction in the demand that was anticipated and as a consequence of this; the Local Planning Authority is to recommend to the Inspector that the sites referred to at Policy HC7 of the emerging Local Plan are deallocated as part of the ongoing Local Plan Inquiry, with the exception of the site at Shorncote. This, therefore, includes this application site which is referred to as a reserve site.

It should also be noted that the occupants of the application site were interviewed as part of the GTAA process, and were considered not to have Gypsy status having regard to the definition within Annex 1 of the PPTS. This is a decision that the supporting statement submitted with the application disagrees with, and they have provided information in support of this assertion, whilst accepting that Mr Norris Sr and his wife no longer meet the definition.

#### **(d) The visual and landscape impact of the proposal**

The site is located within the Cotswolds Area of Outstanding Natural Beauty (AONB). Section 85 of the Countryside and Rights of Way (CROW) Act 2000 states that relevant authorities have a statutory duty to conserve and enhance the natural beauty of the AONB.

Paragraph 17 of the National Planning Policy Framework requires the planning system to recognise the intrinsic character and beauty of the countryside.

Section 11 of the National Planning Policy Framework requires us to have regard to the conservation and enhancement of the natural environment. Paragraph 109 states that the planning system should protect and enhance valued landscapes. Paragraph 115 states that great weight should be given to conserving landscape and scenic beauty in Areas of Outstanding Natural Beauty.

Policy 42 states that development should be environmentally sustainable and designed in a manner that respects the character, appearance and local distinctiveness of the Cotswold District.

Policy 45 of the Local Plan states that high standards of appropriate landscaping should be required in all developments and any attractive, existing landscape features, such as trees, hedgerows and other wildlife habitats should be retained and integrated into all landscaping schemes.

The application site is located to the north-east of the village Coberley in the Cotswolds AONB. The site is located between two roads, Hartley Lane to the west and the A435 Cirencester Road to the east. The busy Seven Springs junction is located to the south of the site. A belt of mature woodland separates the site from the A435 and a mature hedgerow runs adjacent to Hartley Lane. The site also adjoins an existing traveller site to the south-east.

The site is accessed from Hartley Lane, a narrow country road. There are a number of Public Rights of Way (PRoW) that cross the wider countryside and the Cotswolds Way which passes in the immediate vicinity of the site and follows Hartley Lane.

With regard to the land immediately to the south, an application for the change of usage to a Traveller site was submitted in 2012 (12/04857/FUL) and was subject to four concurrent appeals following the refusal of planning permission and the issue of three Enforcement Notices.

Three of the appeals were dismissed having regard to the harm to the AONB landscape. By way of comparison, the application site is on higher ground, and is more prominent in the landscape, for example when viewed from the lay-by on the A436 to the south-east. The temporary permission granted was a decision made having regard to balancing the landscape impact of the development, with factors such as the number of pitches that were considered to be necessary at that time (26) and the lack of a 5-year supply of such sites. The 3-year temporary permission

granted was stated in the reason to condition 1 to include an opportunity for the Local Planning Authority to give further consideration to the use after this period had expired.

The Cotswold Way runs along Hartley Lane, adjacent to the site. This is a long distance national trail and would be highly sensitive to visual change. While the hedgerow that runs alongside Hartley Lane provides some screening in the summer months, the lack of evergreen cover would leave the development exposed in views during the winter months, in addition to the views afforded through the entrance to the site. In terms of longer distance views, given the sites' position on elevated sloping ground there would also be views of the development from across the valley.

The site is located on the edge of character area 8C High Wold Valley: Upper Churn Valley as defined in the Landscape Strategy and Guidelines for the Cotswolds AONB. Within the guidelines it states that:-

"The High Wold Valleys are sensitive to developments that might interrupt the sense of seclusion within them and their rural, pastoral character. In addition, the confined landform and steep slopes within the valleys, together with many areas of nature conservation interest together form a further constraint to development".

The sloping valley qualities and open pastoral farmland extended between woodland slopes are considered to be typical of the High Wold Dip Slope Valley landscape character type. These qualities make an important and pleasing contribution to the wider rural AONB landscape.

The Cotswold Conservation Board has identified "Isolated development" as a local force for change. Some of the potential implications include:-

- Upgrading of minor roads and lanes in areas of new development and introduction of suburbanising features such as gateways, kerbs and street lighting;
- Introduction of 'lit' elements to characteristically dark landscapes;
- Suburbanisation and domestication of the agricultural landscape by the introduction of gardens e.g. ornamental garden plants and boundary features, parking areas, lighting and conversion of tracks to manicured drives and ornamental gateways;
- Loss of green space between built up areas on the valley slopes that often provide a green backdrop to settlements in the valley;
- Appearance and proliferation of stables and 'white tape' field boundaries for horses and ponies; and
- Loss of tranquillity.

The proposal is to allow the site to become permanent through the removal of the conditions limiting the use to a 3-year period and requiring the restoration of the site.

As stated previously, the Inspector noted in the appeal decision for the land to the south that "the harm caused by the site as it stands, is considerable. It is highly visible, even with screening, and stands out in views across the valley" and described the vans as standing out as "alien and intrusive" and added that "it would be wrong to add further harmful structures to this part of the AONB that is already suffering from a poorly designed road system". In view of the application site being upon higher land, this would also be considered to adversely impact upon the AONB, and in view of the reduction in the requirement for Gypsy/Traveller sites contained within the GTAA, there is no longer considered to be a need for such a development in this location.

In conclusion, it is considered that the retention of the site would have a detrimental visual impact on the appearance and character of the AONB landscape, with the adjacent national trail, would be significant.

#### **(e) Human Rights**

The applicants have submitted information with regard to the health of one of the children living at the site. Reference has previously been made in the Supporting Statement submitted with regard to application 15/02733/FUL to the best interests of the child being a primary consideration, and

refers to s.11 of the Children Act, 2004 and Article 3(1) of the UN Convention on the Rights of the Child, and that this is treated by the European Court of Human Rights as part of the consideration of Article 8 rights in any case where the decision of a public body affects children.

The statement also commented that given the potential implications for the child being made homeless this is a case where refusing to grant a temporary permission would engage Article 8 rights. These comments are noted, and Members have to consider this matter upon its own merits and attach weight as they consider appropriate.

However, notwithstanding the recommendation made, your Officers are awaiting an expert legal opinion with regard to the Human Rights implications of refusing planning permission, and Members will be updated with regard to this matter at the meeting.

## **9. Conclusion**

Whilst granting a 3-year temporary planning permission for the development of the site for 2 Gypsy / Traveller pitches reflected circumstances at that time, there is considered to have been a material change with regard to the identified need for such accommodation following the publication of the GTAA in March 2017.

In view of this, the harm to the character of the landscape within the AONB, as identified by the Inspector determining the appeals upon the land to the south of the application site, which is itself at a lower level, is considered to be such that the proposal would be contrary to paragraph 115 of the NPPF which makes clear that such landscapes should be attached 'great weight' in terms of preserving its natural beauty.

The recommendation is therefore for planning permission to be refused, subject to clarification of the Human Rights issue referred to above.

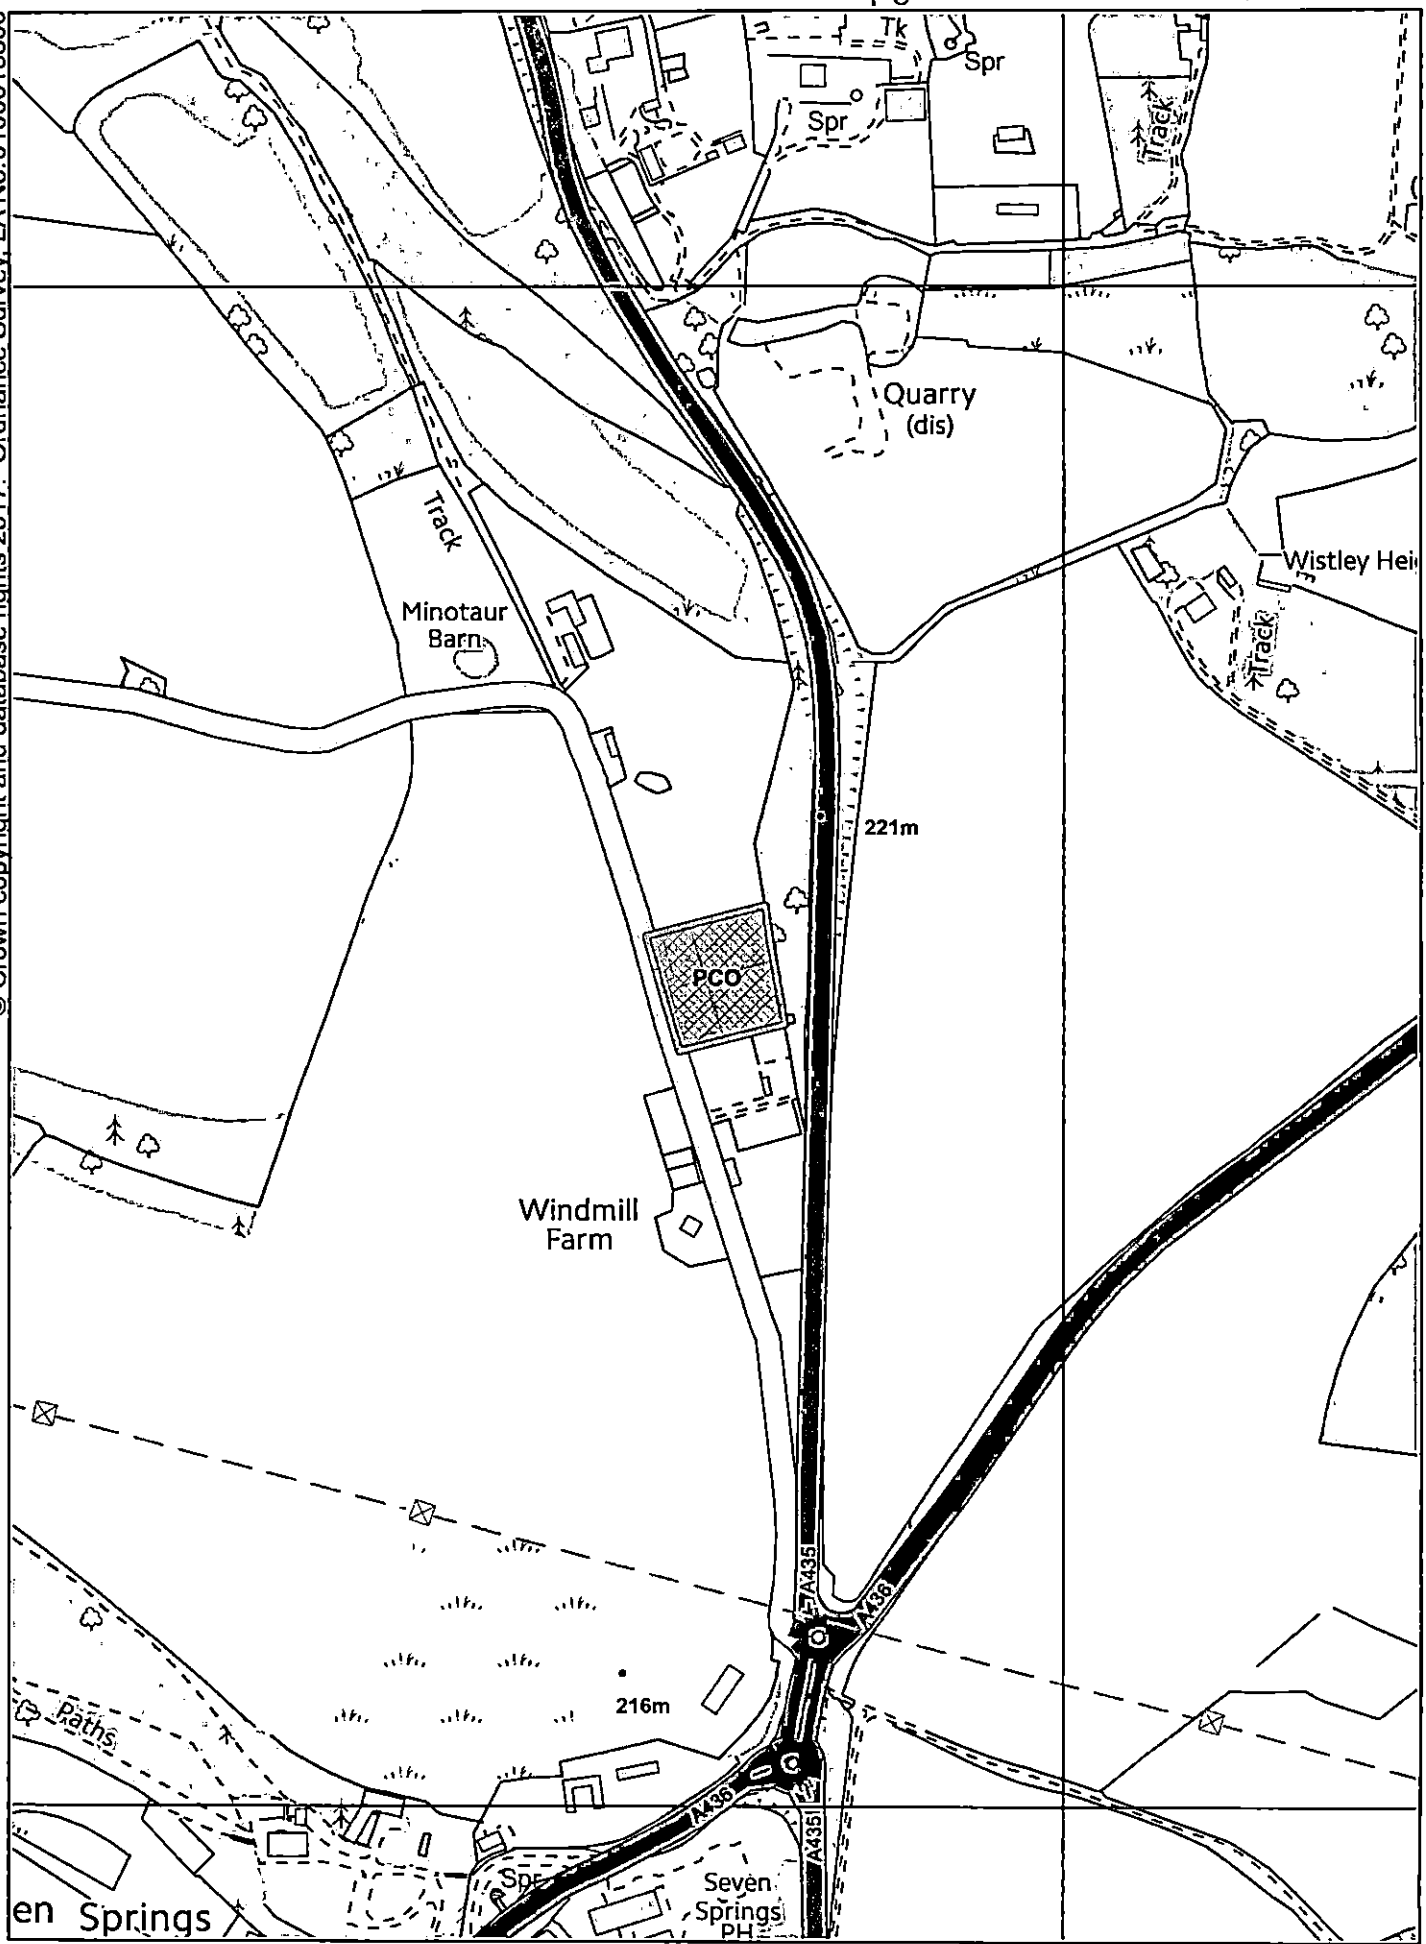

## **10. Reasons for Refusal:**

The pitches are sited outside of any Development Boundary as identified by both the adopted and emerging Cotswold District Local Plan, and in an area where there is no need for additional Gypsy / Traveller provision having regard to the Gypsy and Traveller Accommodation Assessment (GTAA) published in March 2017, which only identifies a need for 3 additional pitches, elsewhere in the District. The site is therefore considered to be unsuitable for retention as Gypsy / Traveller pitches, contrary to Cotswold District Local Plan Policy 23, and the content of the GTAA and PPTS.

The site forms part of attractive and predominantly undeveloped countryside located within the Cotswolds Area of Outstanding Natural Beauty (AONB) and outside of any settlement or recognised development boundary. The use of the land as a caravan site along with associated structures, equipment and domestic paraphernalia would result in an urbanising effect which is out of keeping with, and detrimental to, the rural landscape character and beauty of this part of the Cotswolds AONB. As such the proposal is contrary to Policies 19 and 23 of the Cotswold District Local Plan, paragraph 115 of the National Planning Policy Framework and advice contained in "Planning Policy for Traveller Sites" (DCLG, 2015).

# Coberley Parish Council

---

**17/03352/FUL: Full Application for Removal of Conditions 1 (temporary use and occupancy) and 3 (restoration of site) of planning permission 15/04432/FUL to allow permanent retention of the site at Land Parcel Opposite Windmill Farm Hartley Lane Leckhampton Hill Coberley Gloucestershire**

**Coberley Parish Council opposes this application on the grounds that it would cause permanent harm to the AONB, the Cotswold Way National Trail and allow unacceptable increased urbanisation of the countryside.**

Paragraph 115 of the National Planning Policy Framework states: "Great weight should be given to conserving landscape and scenic beauty in National Parks, the Broads and Areas of Outstanding Natural Beauty, which have the highest status of protection in relation to landscape and scenic beauty."

Furthermore, the Planning Policy for Traveller Sites is clear that as part of the Government's aim to ensure fair and equal treatment for travellers local authorities have due regard to the protection of local amenity and local environment. Additionally, it is clear that if a local planning authority cannot demonstrate an up-to-date 5 year supply of deliverable sites then this should be a significant material consideration when considering temporary planning permission. The exception to this is where the proposal is on designated land including Areas of Outstanding Natural Beauty.

In the Appeal Decisions made on 7 August 2013 regarding an adjacent site to the south, when he gave temporary permission to a site defined under Appeal D (APP/F1610/A/13/2192673), an Appeal Inspector has already made clear that further expansion into adjacent land is unacceptable in terms of the impact on the AONB. In three out of four of the Decisions, the Appeals were dismissed (Appeal A: APP/F1610/C/12/2190154; Appeal B: APP/F1610/C/12/2190155, and Appeal C: APP/F1610/C/13/2191310)

He said:

Para 11: In my view, therefore, the harm caused by the site as it stands, is considerable. It is highly visible, even with screening, and stands out in views across the valley. However, if I consider just the site proposed in appeal D, the harm would be reduced.

I am required by the Framework to give great weight to conserving the AONB, and bearing this in mind I find the site does cause significant harm, but the proposed site of appeal D less so.

Para 21: I have found the establishment of a residential mobile home and its ancillary structures causes considerable harm to the AONB and this attracts great weight.

Most relevant to the present Application is what the Inspector said in Para 25: ..... I shall dismiss appeals A and B so that the notices on the northern site come back into effect and prevent the use of that land for the stationing of the mobile home for residential purposes and require the removal of the extension of the hard-standing, the decking, ancillary structure and play equipment.

---

# Coberley Parish Council

---

In earlier applications with regard to the Application Site and that to the south, CDC has clearly stated its recognition of the harm which these developments will cause to the area.

In Decision Notice dated 11 December 2014 giving temporary permission against Application 14/02614/FUL, CDC recognised the harm which this development would cause. In the reason given against Condition 3, it stated: Permanent development of this type may cause a nuisance or would detract from the amenity of the area having regard to the open countryside location of the site within the Cotswolds Area of Outstanding Natural Beauty, in accordance with Cotswold District Local Plan Policy 19 and Paragraph 115 of the NPPF.

Earlier, when CDC twice refused permission for erection of stables and construction of hard standing on part of this land (Applications 12/03218/FUL on 9 October 2012 and 14/00303/FUL on 18 March 2014), they gave the reason as: The cumulative impact of the proposed development together with the existing stables that are in close proximity to the application site would result in an unacceptable suburbanisation of this attractive rural area that would have a significant adverse impact on the character and appearance of the Cotswolds Area of Outstanding Natural Beauty. The proposal is therefore contrary to Paragraph 115 of the National Planning Policy Framework.

When CDC refused the Application 12/04857/FUL on the adjacent site to the south, on 18 December 2012, it gave as reason: The site forms part of attractive and predominantly undeveloped countryside located within the Cotswolds Area of Outstanding Natural Beauty (AONB) and outside of any settlement or recognised development boundary. The use of part of the land as a caravan site along with associated structures, equipment and domestic paraphernalia would result in an urbanising effect which is out of keeping with, and detrimental to, the rural landscape character and beauty of this part of the Cotswolds AONB.

The latest Planning Policy for Traveller Sites, August 2015 states:

Para 14: When assessing the suitability of sites in rural or semi-rural settings, local planning authorities should ensure that the scale of such sites does not dominate the nearest settled community.

Para 25: Local planning authorities should very strictly limit new traveller site development in open countryside that is away from existing settlements or outside areas allocated in the development plan. Local planning authorities should ensure that sites in rural areas respect the scale of, and do not dominate, the nearest settled community, and avoid placing an undue pressure on the local infrastructure.

To the best of the Parish Council's knowledge, there is currently a smaller population in the nearby settled community on Hartley Lane than in the 2 traveller sites. With this being the case there is clear potential for the site, in conjunction with the other pitches present and proposed on the adjoining site, to dominate the nearest settled community.

Para 27: If a local planning authority cannot demonstrate an up-to-date 5 year supply of deliverable sites, this should be a significant material consideration in any subsequent planning decision when considering applications for the grant of temporary planning permission. The exception is where the proposal is on land designated as Green Belt; sites protected under the Birds and Habitats Directives and / or sites designated as Sites of Special Scientific Interest;

---

# Coberley Parish Council

---

Local Green Space, an Area of Outstanding Natural Beauty, or within a National Park (or the Broads).

Footnote 9 is clear that "There is no presumption that a temporary grant of planning permission should be granted permanently."

Given that there is no presumption for a temporary consent to be granted permanently, and the fact that the site is within the AONB where a lack of deliverable sites is not deemed to be a significant material consideration, the removal of the conditions and the creation of permanent pitches is contrary to national policy.

The Evidence Papers, entitled EVIDENCE PAPER: ADVISORY PANEL ON GYPSY AND TRAVELLERS SITE ALLOCATIONS ASSESSMENT NOVEMBER 2014 which support the emerging Local Plan 2011 – 2031, state in the Summary of Advisory Panel Appraisal with regard to the Application Site, designated as GT\_8:

The site falls within the AONB and is directly adjacent to the Cotswold Way (a national trail of high community and tourism value) and development at this site could have a detrimental impact.

It is designated only as a 'Reserve Site'

It is also noted that the Council can, in any event, demonstrate a deliverable 5 year supply of pitches and thus there is no clear need for any further additional permanent pitches. This is also supported by the sites "reserved" status in the emerging local plan.

**It is therefore, consistently clear from all these policies and statements that, to grant the Application Site permanent status would cause lasting harm to the AONB and rural Cotswold countryside, with the immediately adjacent, internationally popular Cotswold Way.**

**Coberley Parish Council requests Cotswold District Council to refuse this Application and ensure that residential occupation of this land ceases when the temporary permission expires in December 2017, that the land is returned to its former rural countryside status and that accommodation is sourced for the families in a more appropriate area.**

**17/03352/FUL: Full Application for Removal of Conditions 1 (temporary use and occupancy) and 3 (restoration of site) of planning permission 15/04432/FUL to allow permanent retention of the site at Land Parcel Opposite Windmill Farm Hartley Lane Leckhampton Hill Coberley Gloucestershire**

## **SUPPLEMENTARY COMMENT**

Coberley Parish Council has already submitted its objection to this application on the grounds that it would cause permanent harm to the AONB, the Cotswold Way National Trail and allow unacceptable increased urbanisation of the countryside.

**The Parish Council notes that under the Countryside & Rights of Way Act 2000 (Part IV, Paras 84 & 85)**

**Cotswold District Council is not only empowered to conserve and enhance the AONB:**

Paragraph 84 sub-section 4: A local planning authority whose area consists of or includes the whole or any part of an area of outstanding natural beauty has power, subject to subsections (5) and (6), to take all such action as appears to them expedient for the accomplishment of the purpose of conserving and enhancing the natural beauty of the area of outstanding natural beauty or so much of it as is included in their area.

**But, more importantly, it also has a duty to do so:**

Paragraph 85 (General Duty of Public Bodies etc) sub-section 1: In exercising or performing any functions in relation to, or so as to affect, land in an area of outstanding natural beauty, a relevant authority shall have regard to the purpose of conserving and enhancing the natural beauty of the area of outstanding natural beauty.

**The Parish Council therefore, considers that to grant permission to this application would be contrary to this legislation and reinforces its request that it be refused.**

**Accommodation Assessment**

Final Report

March 2017

Cotswold

6.31 In summary there is a need for **3 additional pitches** in Cotswold for Gypsy and Traveller households that meet the planning definition; a need for up to **11 additional pitches** for Gypsy and Traveller households that may meet the planning definition – although if the ORS national average of 10% were to be applied this could be as few as 1 additional pitch; and a need for **13 additional pitches** for Gypsy and Traveller households who do not meet the planning definition.

6.32 There is **no need for any additional plots** for Travelling Showpeople as there are no yards in Cotswold.

6.33 Information that was sought from households where an interview was completed allowed each household to be assessed against the planning definition of a Traveller. This included information on whether households have ever travelled; why they have stopped travelling; the reasons that they travel; and whether they plan to travel again in the future. The tables below sets out the planning status of households in Cotswold.

<b>TOTAL</b>	<b>2</b>	<b>16</b>	<b>22</b>

6.34 Figure 29 shows that for Gypsies and Travellers 2 households meet the planning definition of a Traveller in that they stated during the interview that they travel for work purposes and stay away from their usual place of residence, or have ceased to travel temporarily. A total of 16 Gypsy and Traveller households did not meet the planning definition as they were not able to provide information that they travel away from their usual place of residence for the purpose of work, or that they have ceased to travel temporarily due to children in education, ill health or old age. Some did travel for cultural reasons to visit fairs, relatives or friends, and others had ceased to travel permanently – these households did not meet the planning definition.

- 6.35 The number of households on each site where an interview was not possible are recorded as unknown. The reasons for this included households that refused to be interviewed and households that were not present during the fieldwork period – despite up to 3 visits.

### Bricks and Mortar Interviews

- 6.36 No interviews were completed with households living in bricks and mortar in Cotswold.

### New Household Formation Rate

- 6.37 The demographics from the households that met the planning definition suggest that evidence from the household interviews should be used instead of applying a new household formation rate in Cotswold.

### Pitch Needs – Gypsies and Travellers that meet the Planning Definition

- 6.38 The 2 households who meet the planning definition of Travelling were found on 1 private site and 1 tolerated site. Analysis of the household interviews indicated that there is a current need for 3 additional pitches as a result of concealed or doubled up households or adults. The site demographics suggest no new household formation during the 15 year GTAA period.
- 6.39 Therefore the overall level of additional need for those households who meet the planning definition of a Gypsy or Traveller is for **3 additional pitches** over the 15 year GTAA period.

Figure 30 – Additional need for Gypsy and Traveller households in Cotswold that meet the Planning Definition (2016-31)

Gypsies and Travellers - Meeting Planning Definition	Pitches
<b>Supply of Pitches</b>	
Additional supply from vacant public and private pitches	0
Additional supply from pitches on new sites	0
Pitches vacated by households moving to bricks and mortar	0
Pitches vacated by households moving away from the study area	0
<b>Total Supply</b>	<b>0</b>
<b>Current Need</b>	
Households on unauthorised developments	0
Households on unauthorised encampments	0
Concealed households/Doubling-up/Over-crowding	3
Movement from bricks and mortar	0
Households on waiting lists for public sites	0
<b>Total Current Need</b>	<b>3</b>
<b>Future Need</b>	
Households on sites with temporary planning permission	0
5 year need from older teenage children	0
In-migration	0
New household formation	0
<i>(Derived from site demographics)</i>	
<b>Total Future Needs</b>	<b>3</b>
<b>Net Pitch Need = (Current and Future Need – Total Supply)</b>	<b>3</b>

### Pitch Needs – Unknown Gypsies and Travellers

- 6.40 Whilst it was not possible to determine the travelling status of a total of 24 households as they either refused to be interviewed, or were not on site at the time of the fieldwork, the needs of these households still need to be recognised by the GTAA as they are believed to be ethnic Gypsies and Travellers and **may** meet the planning definition.
- 6.41 ORS are of the opinion that it would not be appropriate when producing a robust assessment of need to make any firm assumptions about whether or not households where an interview was not completed meet the planning definition based on the outcomes of households in that local authority where an interview was completed.
- 6.42 However data that has been collected from over 1,800 household interviews that have been completed by ORS since the changes to PPTS in 2015 suggests that nationally approximately 10% of households that have been interviewed meet the planning definition – and in some local authorities, particularly London Boroughs, 100% of households do not meet the planning definition.
- 6.43 This would suggest that it is likely that only a small proportion of the potential need identified from these households will need new Gypsy and Traveller pitches, and that the needs of the majority will need to be addressed through other means.
- 6.44 Should further information be made available to the Council that will allow for the planning definition to be applied to the unknown households, the overall level of need could rise by up to 5 pitches with temporary planning permission and 6 pitches from new household formation (this uses a base of the 24 households and a net growth rate of 1.50%<sup>8</sup>). Therefore additional need *could* increase by up to a further 11 pitches, plus any concealed adult households or 5 year need arising from older teenagers living in these households (if all 11 unknown pitches are deemed to meet the planning definition). However, as an illustration, if the ORS national average of 10% were to be applied this could be as few as 1 additional pitch. Tables setting out the components of need for unknown households can be found in **Appendix B**.

### Waiting Lists

- 6.45 There is a small public site in Cotswold. At the time of the GTAA there were no households on the waiting list for this site. All households on the waiting lists had expressed a preference for one of the sites in Tewkesbury.

<sup>8</sup> The ORS *Technical Note on Population and Household Growth (2015)* has identified a national growth rate of 1.50% for Gypsies and Travellers which has been applied in the absence of further demographic information about these households.

### Public/Private Split

- <sup>6.46</sup> There is one small public site and no need was identified for travelling households or non-travelling households. It is possible that need from the 2 unknown households may need be met through additional public pitches. It is likely that all of the potential need from unknown households would need to be met through private pitches.

### Travelling Showpeople Needs

- <sup>6.47</sup> There were no Travelling Showpeople identified in Cotswold.
