Item No 08:-

Erection of a bungalow (Non-material amendment to permission 16/02322/FUL involving raising of ridgeline by 225mm, addition of 3 rooflights in north elevation and alterations to fenestration) at Land Adjacent To Harbourlow Broadway Road Mickleton Chipping Campden Gloucestershire GL55 6PT

Non-material amendment 17/04516/NONMAT	
Applicant:	Mr David Stowe
Agent:	Alscot Architecture Design & Planning
Case Officer:	Martin Perks
Ward Member(s):	Councillor Lynden Stowe Councillor Mark Annett
Committee Date:	13th December 2017
RECOMMENDATION:	PERMIT

Main Issues:

Whether the proposed changes represent a non-material amendment to the approved scheme.

Reasons for Referral:

This applicant is a close relative of a District Councillor. In accordance, with Section D of the Council's Scheme of Delegation, non-material amendment applications submitted by a serving Member of the Council, or, the partner, a close relative or a close relative of the partner of a serving Member of the Council have to be referred to Planning and Licensing Committee for determination.

1. Site Description:

This application relates to a parcel of horticultural land located to the west of the village of Mickleton. The site lies approximately 65m from the western edge of the settlement. The application site measures approximately 475 sq metres in size and forms part of a larger field measuring approximately 2750 sq metres in area. The field has previously been used for horticultural purposes in connection with an adjacent nursery business.

The application site lies in the south western corner of the field. It measures approximately 15m wide by 35m deep. The south western boundary of the site adjoins the residential boundary of a post war bungalow called Harbourlow. The south eastern boundary adjoins the B4632 Broadway Road. A mature hedgerow lies between the site and the aforementioned highway. The north eastern and north western boundaries adjoin horticultural land. The north eastern boundary of the field in which the application site is located is defined by a line of conifers.

A horticultural/garden centre business lies to the west/north west of the application site.

The application site is located outside a Development Boundary as designated in the Cotswold District Local Plan 2001-2011.

The site is located outside the Cotswolds Area of Outstanding Natural Beauty (AONB). The AONB boundary runs along the southern edge of the B4632 approximately 8-10m from the south eastern boundary of the application site.

A Public Right of Way (HMN12) lies approximately 115m to the north west of the application site.

2. Relevant Planning History:

4. Observations of Consultees:

None

5. View of Town/Parish Council:

None

6. Other Representations:

None

7. Applicant's Supporting Information:

None

8. Officer's Assessment:

Planning permission was granted for detached bungalow on this site in 2016. The permission has not yet been implemented. The applicant is seeking to make a number of small changes to the approved scheme.

The changes involve;

- i) raising the ridgeline of the approved dwelling by 225m to 6.225m.
- ii) inserting three rooflights in the northern roofslope of the approved dwelling.
- iii) the addition of a single light opening to the side of the front porch and the replacement of a three light casement window and door in the rear elevation with a two light casement window and glazed door.

The application site is located outside the Cotswolds Area of Outstanding Natural Beauty.

The site lies in an area which is characterised by a variety of building styles and heights. There is no defining character in terms of design, size or scale. In the context of the site and its surroundings it is considered that the raising of the ridgeline by 225m will not have material impact on the design, proportions, size or scale of the approved dwelling.

The three rooflights will be positioned on the north facing roofslope and will therefore not be readily visible from the road. The rooflights could also be inserted under permitted development rights following the completion of the dwelling. The rooflights are also modest in size. It is considered that their insertion will not have a material impact on the approved scheme.

The additional window to the side of the porch is small in size and will mirror an approved window on the other side of the porch. It will provide more balance to the front of the dwelling. The changes to the rear elevation are not inconsistent with the arrangement of openings commonly seen in the garden elevation of dwellings. The elevation will face the road. However, it will be set behind a hedgerow and by virtue of the single storey nature of the development will not be readily visible from public view. It is considered that the changes will not have a material impact on the approved development.

The proposed changes will not have a material impact on any other dwellings.

9. Conclusion:

It is recommended that the application is approved.

10. Proposed condition:

This decision relates to drawing number P01 1617-35 Rev 15/11/17
