

Notification of Decision of the Cabinet Member for Economy and Council Transformation

Present: Councillor Tony Dale

Officers: Mandy Fathers – Business Manager, Environmental, Welfare & Revenue Service,
Caleb Harris - Democratic Services

Observers: None

I. Upgrade of Parking Machines to Support the Roll out Cashless Parking

The meeting started at 16:32 due to an unavoidable delay with a previous meeting involving the Cabinet Member.

The reason for the report was to ask the Cabinet Member to approve the completion of the cashless parking roll-out within the district.

The accountable officer and Democratic Services confirmed that no comments had been received on this item.

The accountable officer introduced the item by providing an overview of the report contents.

It was noted that this was the last phase of the project to convert the other four car parks to cashless payments. It was also allowing to update the payment software to be more efficient in processing payments to those machines not part of the trial.

It was highlighted that there are financial implications of £25,563. The money to be used for this was from the capital budget available for payment machines. It was noted that the financial implications had been approved by Cllr Mike Evemy as the Cabinet Member for Finance and the interim Deputy Chief Executive and S.151 officer Jo Moore.

It was noted that there were improvements to 'failed card transactions' as highlighted at paragraph 2.3 of the report.

Decision

The Cabinet Member considered the recommendations of the Officer and approved the recommendations a) – d) to complete the roll-out of cashless parking within the car parks highlighted within the report.

Cabinet Member for the Economy and Council Transformation Decision-Making Meeting
14/October2022

Reason for Decision of the Cabinet Member for Health and Wellbeing

The Cabinet Member approved the recommendation as it ratifies the decision made at Cabinet on 4th January 2021 and completes this process.
