

GEGSC Report July 2024

There have been no meetings of GEGSC this year due to ongoing cancellations by GCC. I have written to the Chair of the Committee expressing my concern that the ongoing cancellation means that county strategy has and is being created without any scrutiny by this key committee. I asked if this is not inappropriate given that it prevents the Gloucestershire Districts from scrutinising strategic decision-making that affect them and the whole County. I pointed out that the City Board delay, which is the given cause, concerns a tiny fraction of the total County budget and economy and suggested that we be assembled to discuss the situation.

Cllr Angus Jenkinson
