

C/24/00755/STC – Max’s Kebab - Representations

Parish Council

South Cerney Parish Council objects to this application on the grounds of noise, smells, litter, and the potential for anti-social behaviour.

Applicant Response to Parish

To whom it may concern,

I Mehmet Isitmen would like to assure that the generator I will be using is less noisier than a car. As for the smell I have a canopy fitted within my trailer to avoid the smell of any food whilst it gets cooked. I would also like to say that I will be putting a bin just by the serving area so that anyone can use the bin. I would also be going around and checking if there are any rubbish around. I would like that state that I am a fast food van and the anti-social behaviour will not be tolerated.

I would like to point out that I have 3 street trading consents from 2 different council's (South Glos and Swindon Borough Council).

I have been involved with this industry for the past 12 years and all the councils have the same criteria that the Parish Council raised above. Please give me Mehmet Isitmen the benefit of the doubt.

I would also like to say that I am more than happy for my licence to be given a trial period.

END
