

Representations: Bittenham Springs, Ewen, Cirencester, GL7 6BY

Cllr Tony Berry

Dear Sirs,

I have consulted with the Parish Council on this application and agree that we object to the proposed changes.

We believe that the current hours match those of the adjacent Wild Duck which would mean that all entertainment in that area of the village would stop at the same time and therefore would prevent an extension to possible nuisance. This is particularly so because the new building has been brought into play which is closer to the village than the area previously used.

Ian Czapiewski

I object to the request in the new application for the new building (Waters Edge) and the existing Bittenham Springs grounds to be open to customers/guests outside the following times: 10am - midnight on Monday to Saturday and 10am to 11pm on Sundays.

Reason: To protect the amenity of the locality, especially for people living and/or working nearby, in accordance with Cotswold District Local Plan Policy EN15.

Sarah Broadley

Clerk to Kemble & Ewen Parish Council

Kemble and Ewen Parish Council wishes to lodge a strong objection to this application for modifications to the existing licences.

Ewen is a small and quiet village. The application site is at one end of the village within earshot of a number of residential properties and close to the village public house. The creation of noise from outside wedding celebrations represents an entirely incongruous activity, much out of place with the general character of the village and potentially causing unwelcome disturbance to a significant number of residential neighbours. In addition, the location of these activities within the site has been altered and is now centred at a new building which is nearer to the village.

The constraints of the existing licences go some way to recognising and managing these adverse features. They are also similar to those of the public house so that any nuisance ceases at the same time. The Parish Council considers the modifications proposed would create adverse and unacceptable conditions and should be refused .
