1. EXECUTIVE SUMMARY

- 1.1** This report is to determine one new application for discretionary rate relief and one renewal application.

2. BACKGROUND

- 2.1** Cotswold District Council has the power (exercised through powers delegated to the Cabinet Member for Finance) to consider granting, on an individual basis, Discretionary Rate Relief to non-profit making organisations and organisations suffering financial hardship.

3. MAIN POINTS

- 3.1** The council has received one new application and one renewal application for Discretionary Rate Relief in relation to business rate liabilities for the 2025/26, and 2026/27 financial year.
- 3.2** An overview of the applications is detailed within Annex A (Exempt), attached to this report.

4. FINANCIAL IMPLICATIONS

- 4.1** Should Discretionary Rate Relief be awarded in line with the report's recommendations, it will result in a loss on non-domestic rates income of £9,765.81 for the financial year 2026/2027.
- 4.2** The non-domestics rating income collected by the council is shared between the District, County and Central Government. The Government's share is 50% and the County share is 10% leaving 40% with Cotswold District Council. The value of the relief recommended for award in this report therefore represents a cost to the council of £3,906.32.
- 4.3** Based on the NNDR1 return submitted to Central Government in January 2026, collectable non-domestic rating income is estimated to be £36.5 million for 2026/2027.

5. LEGAL IMPLICATIONS

- 5.1** Section 47 of the Local Government Finance Act 1988 permits the bill authority to grant discretionary rate relief to charities and other organisations of prescribed types. The council exercises its discretion regarding its published Policy on discretionary rate relief.

6. RISK ASSESSMENT

- 6.1** The approval or otherwise of the individual application does not set a precedent or carry any significant risk to the council or its residents as each application is considered on an individual basis.

7. EQUALITIES IMPACT

- 7.1** There are no equalities impacts for these discretionary rate relief applications.

8. CLIMATE AND ECOLOGICAL EMERGENCIES IMPLICATIONS

- 8.1** The Council supports a coordinated approach to addressing the climate and ecological emergencies through the implementation of mitigation measures that reduce greenhouse gas emissions and initiatives that strengthen climate resilience. This includes promoting and supporting nature recovery across the Cotswolds, enhancing ecological networks, and enabling habitats and species populations to thrive and adapt to the impacts of climate change through improved landscape connectivity.

9. ALTERNATIVE OPTIONS

- 9.1** The Cabinet Member for Finance could decide to award a different level of rates relief to that recommended within the report.

10. BACKGROUND PAPERS

- 10.1** None
